WORK EXPERIENCE:

Director and CEO:

The Intimate Wellness Institute of Virginia, P.C.
Richmond, Virginia
(July 2009 – Present)

Co-Founder, CEO and CMO:

The Intimate Wellness Institute, LLC.
(September, 2017 - Present)

Associate Clinical Professor:

Division of Urogynecology and Pelvic Reconstructive Surgery
Medical College of Virginia
Virginia Commonwealth University
(October 2010 - Present)

Full Clinical Professor:

Urogynecology and Pelvic Reconstructive Surgery
Department of Obstetrics and Gynecology
Riverside Regional Medical Center
(September 2017 – Present)

Robotic Surgery Director

Robotic Surgery Center of Excellence
Chippenham and Johnston Willis Medical Center
SRC Certified Program
(2015 –Present)

Associate Director of Urogynecology and Pelvic Reconstructive Surgery

Associate Fellowship Director of Urogynecology and Pelvic
Reconstructive Surgery
Assistant Professor of Obstetrics and Gynecology
Drexel University College of Medicine
(July 2008 – July 2009)

Director of Urogynecology and Pelvic Reconstructive Surgery
Pennsylvania Hospital
Assistant Professor of Clinical Obstetrics and Gynecology
University of Pennsylvania School of Medicine
(August 2005 – July 2008)

EDUCATION:

Cleveland Clinic Foundation, Weston, FL
(July 2002 – July 2005)

- Fellowship: Urogynecology and Pelvic Reconstructive Surgery

Riverside Regional Medical Center / Medical College of Virginia, VA
(November 1997 – July 2002)

- 5-year Obstetrics and Gynecology program with double board training in Family Medicine
- Resident Research Award (2000, 2001, 2002)
- Resident Teaching Award (1999, 2000)

State University of New York at Stony Brook, Stony Brook, NY
(August 1993- July 1997)

- MD with Distinction in Research Program
- Doctor of Medicine

Bryn Mawr College, Bryn Mawr, PA
(August 1991- June 1992)

- Post-Baccalaureate/Premedical Program

Hamilton College, Clinton, NY
(August 1987- May 1991)

B.S.: Psychobiology (honors) Minor: Economics

MEDICAL LICENSES:

- South Carolina 2019
- New Jersey 2007
- Pennsylvania 2005
- Florida 2002
- Virginia 1999

CERTIFICATIONS:

- Female Pelvic Medicine and Reconstructive Surgery - Board Certified 2013
- American College of Obstetricians and Gynecologists – Board certified 2006
- American Academy of Family Practice – Board certified 2001

PROFESSIONAL ORGANIZATIONS:

- American College of Obstetricians and Gynecologists (ACOG)
- American Urogynecologic Society (AUGS)
- American Association of Gynecologic Laparoscopists (AAGL)
- International Urogynecologic Association (IUGA)
- American Society for Laser in Medicine and Surgery (ASLMS)
- International Continence Society (ICS)
- North American Menopause Society (NAMS)
- Richmond Academy of Medicine
- Medical Society of Virginia
- International Society for Cosmetogynecology (ISCG)
- European Society for Aesthetic Gynecology

COMMITTEES:

- Morbidity and Mortality Review Committee for CJW Medical Center
 - Jan 2020 - Present
- Surgical Review Committee for CJW Medical Center
 - March 2019 - Present
- American Urogynecologic Society Special Interest Group for the use of Grafts in the Female Pelvic Floor
 - Founding member June 2012 - present
- American Urogynecologic Society Public Relations Committee
 - February 2009- present
- International Urogynecologic Society Publications committee
 - March 2009 - 2016
- Chair Robotic Surgery committee for CJW Medical Center
 - July 2009 - Present
- Drexel University College of Medicine Surgical Simulation Center Committee
 - September 2008 – July 2009
- Drexel University College of Medicine Surgical Curriculum Committee
 - October 2008 – July 2009
- Pennsylvania Hospital Ob/Gyn Resident Advisory Committee
 - August 2005 – July 2008
- Pennsylvania Hospital Department of Ob/Gyn Surgical Quality Assurance Committee

- August 2005 – July 2008
- University of Pennsylvania Internal Review Board
 - October 2005 – July 2008
- Pennsylvania Hospital Gynecologic Surgery Resident Lecture Series
 - August 2005 – July 2008

PUBLICATIONS:

1-year 4-center Randomized Prospective Analysis of High Intensity Focused Electromagnetic Therapy vs. Biofeedback Physical Therapy for Urinary Incontinence. *J FPM&RS*. Pending

1-year 5-center Prospective Analysis of Hybrid Fractional Laser for Genitourinary Syndrome of Menopause. *J FPM&RS*. Pending

Energy-Based Treatment for Gynecologic conditions including Genitourinary Syndrome of Menopause: Consensus, Controversies, Recommendations, and FDA Clearance *J. Lasers in Surg. And Med: Dec 2018*

Transobturator Cystocele Repair: Short Term Comparison of Synthetic and Biologic Graft Materials. ***J. FPM&RS***

Comparative Outcomes of Vaginal Apical Repair with and without a Uterus. ***Int Urogynecol J***.

Natural orifice vaginal sacrocolpopexy (NOVaS): a cadaver feasibility study. *Int Urogynecol J* 23(4):447-52 (2012) PMID 22072416

Anterior Repair with or without Collagen Matrix Reinforcement: A Randomized Controlled Trial. ***Obstet and Gynecol* 2009;(114)1: 59-65.**

A Novel Approach for Correction of Urethral Prolapse. ***Int Urogynecol J. 2009;(20) 8(995-997).***

Transobturator Slings for Stress Incontinence: Using urodynamic parameters to predict outcomes. ***Int Urogynecol J. 2008;(19)1:97-102.***

A prospective, randomized controlled trial of the use of an anal purse-string suture to decrease contamination during pelvic reconstructive surgery." ***Int Urogynecol J. 2008;(19)1:59-63.***

Initial experience with a new method for the dynamic assessment of pelvic floor function in women: The Kolpexin Pull Test. ***Int Urogynecol J. 2004;(15)1:39-43.***

Current treatment options for female urinary incontinence – A review. **Int J Fertil.** June, 2004.

BOOK CHAPTERS:

Safety and Efficacy of Novel Acellular Human Dermal Graft for Female Pelvic Reconstruction: Interim analysis. EC Gynecology. June 2022

1-year 4-center Randomized Prospective Analysis of High Intensity Focused Electromagnetic Therapy vs. Biofeedback Physical Therapy for Urinary Incontinence. Podium Presentation. **American Society for Lasers in Medicine. April 2022**

1-year 4-center Randomized Prospective Analysis of High Intensity Focused Electromagnetic Therapy vs. Biofeedback Physical Therapy for Urinary Incontinence. Podium Presentation. **American Urogynecologic Society. June 2022**

Safety and Efficacy of Hybrid Fractional Laser (1470nm and 2949nm) for Symptoms of Genitourinary Syndrome of Menopause: Prospective Multi-Center Study: 12-month Interim Analysis. American Urogynecology Society. September 2020

Safety and Efficacy of Hybrid Fractional Laser (1470nm and 2949nm) for Stress Urinary Incontinence: Prospective Multi-Center Study: 12-month Analysis. American Urogynecology Society. September 2020

Safety and Efficacy of Hybrid Fractional Laser (1470nm and 2949nm) for Symptoms of Genitourinary Syndrome of Menopause: Prospective Multi-Center Study: 12-month Interim Analysis. Guerette N. American Academy Gynecologic Laparoscopists. November 2019

Safety and Efficacy of Hybrid Fractional Laser (1470nm and 2949nm) for Symptoms of Genitourinary Syndrome of Menopause: Prospective Multi-Center Study: 12-month Interim Analysis. Guerette N. American Urogynecology Society. September 2019

Safety and Efficacy of Human Dermal Graft for Female Pelvic Reconstruction: 1-year analysis. American Urogynecology Society. September 2019

Safety and Efficacy of Hybrid Fractional Laser (1470nm and 2949nm) for Symptoms of Genitourinary Syndrome of Menopause: Prospective Multi-Center Study: 12-month Interim Analysis. Guerette N. European Society for Aesthetic Gynecology. June 2019

Safety and Efficacy of Combined Robotic and Cosmetic Reconstruction. A Case Series. European Society for Aesthetic Gynecology. June 2019

Safety and Efficacy of Combined Robotic and Cosmetic Reconstruction. A Case Series. International Society for Cosmetogynecology. March 2019

Safety and Efficacy of Hybrid Fractional Laser (1470nm and 2949nm) for Symptoms of Genitourinary Syndrome of Menopause: Prospective Multi-Center Study: 6-month Interim Analysis. Guerette N. American Society for Lasers in Medicine. March 2019

Safety and Efficacy of Hybrid Fractional Laser (1470nm and 2949nm) for Symptoms of Genitourinary Syndrome of Menopause: Prospective Multi-Center Study: Interim Analysis. Guerette N American Society for Lasers in Medicine. April 2018

HIFEMTMTechnology: A Non-Surgical Treatment for Urinary Incontinence. Samuel J, Guerette N American Society for Lasers in Medicine. April 2018

Efficacy of Novel Hybrid Er:YAG Laser for Genito-urinary Syndrome of Menopause and Dyspareunia: A Pilot Study. International Urogynecology Association, June 2017

Safety and Utility of vaginal radio frequency treatments in Patients with Polypropylene Mesh Implants”. International Urogynecology Association. Capetown South Africa, August 2015

“Near-Infrared Florescence Imaging in Robotic-Assisted Sacrocolpopexy.” American Association of Gynecologic Laparoscopists, Las Vegas, NV. November 2015

Ultra-Lightweight Polypropylene Graft For Robotic-Assisted Sacrocolpopexy: Retrospective Anatomic and Functional Outcomes.” American Urogynecologic Society Scientific meeting, Chicago, IL, October, 2012.

“Near-Infrared Florescence Imaging in Robotic-Assisted Sacrocolpopexy: A Pilot Study”.Urogynecologic Society Scientific meeting, Chicago, IL, October, 2012.

“Short-term outcomes of a novel intra-vaginal vault suspension procedure.” Poster presentation at the International Urogynecologic Society Scientific Meeting, Como, Italy, June 2009.
Poster presentation American Urogynecologic Society Scientific meeting, Hollywood, FL, September 2009.

“Concomitant Sling Surgery with Transobturator Cystocele Repair: Does it Work?” Podium Presentation at Society of Gynecologic Surgeons, New Orleans, LA, April 2009. Accepted for podium presentation at the International Urogynecologic Society Scientific Meeting, Como, Italy, June 2009.

“Health Related Quality of Life: Utility Preference Scores for Pelvic Organ Prolapse”. Poster presentation at the American Urogynecologic Society 29th Annual Scientific Meeting, September 2008.

“Transvaginal Graft Repair for Apical Prolapse: Comparison of Uterine vs. Vault Suspension”. Presented at Society of Gynecologic Surgeons, Savannah, GA, April 2008. Poster presentation at International Urogynecologic Association, Taipei, Taiwan, September 2008.

“Transobturator Cystocele Repair: Short-term Comparison of Xenograft vs. Polypropylene”. Oral presentation at International Urogynecologic Association, Cancun, Mexico, June 2007. Poster presentation at American Urogynecologic Society meeting, Hollywood, FL, September 2007.

“A Randomized Prospective Multi-center Trial Comparing Anterior Colporrhaphy Alone to Anterior Colporrhaphy Reinforced with Bovine Pericardium Collagen Matrix: 12 Month Analysis.” Podium presentation at American Urogynecologic Society meeting, Palm Springs, California, October 19⁻²¹, 2006. Podium presentation International Urogynecologic Association, Athens, Greece, September, 2006.

“A Mathematical Model to Predict Anti-incontinence Surgery Outcomes.” Guerette NL, Biller DH, Bena J, Davila GW. Oral presentation at 30th annual meeting of the International Urogynecologic Society. Copenhagen, Denmark, August 2005. Poster presentation at International Continence Society Annual meeting, Montreal, Canada. September 1-3, 2005. Poster presentation at American Urogynecologic Society meeting, Atlanta, Georgia, September 14-16, 2005.

“Anterior IVS Suburethral Sling for Intrinsic Sphincter Deficiency.” Park J, Guerette NL, Davila GW. Poster presentation at International Continence Society Annual meeting, Montreal, Canada. September 1-3, 2005.

“Can discrete fascial defects be accurately identified pre-operatively?” Guerette NL, Davila GW. Accepted for oral presentation at the 1st annual combined meeting of the International Continence Society and International Urogynecologic Association. Paris, France. August 25-27, 2004.

“Is the transobturator suburethral sling an effective treatment for intrinsic sphincter deficiency with urethral hypermobility?” Guerette NL, Davila GW. Accepted for abstract publication at the 1st annual combined meeting of the International Continence Society and International Urogynecologic Association. Paris, France. August 25-27, 2004.

“Lefort colpocleisis: A safe and effective procedure for elderly women.” Guerette NL, Neimark M, Mattox TF, Contreras-Ortiz O, Davila GW. Presented at ACOG 52nd annual clinical meeting, Philadelphia, PA. May 1-5, 2004. **Obstet Gynecol. 103[Suppl 4], S51-S52, April, 2004.**

“Lefort colpocleisis: Are urodynamics necessary?” Guerette NL, Neimark M, Mattox TF, Contreras-Ortiz O, Davila GW. Presented at the International Urogynecologic Associations 28th annual meeting. Buenos Aires, Argentina. October 28-31, 2003. **Int Urogynecol J, 14[Suppl 1], S52, 2004.**

“Sacrospinous fixation: Does reinforcement of the vaginal vault improve outcomes?” Guerette NL, Davila GW. Presented at the International

Urogynecologic Associations 28th annual meeting. Buenos Aires, Argentina. October 28-31, 2003. **Int Urogynecol J, 14[Suppl 1], 2004.**

“Abdominal sacrocolpopexy utilizing bone anchors.” Guerette NL, Davila GW. Presented at the International Urogynecologic Associations 28th annual meeting. Buenos Aires, Argentina. October 28-31, 2003. **Int Urogynecol J, 14[Suppl 1], S11, 2004.**

“Bilateral sacrospinous fixation: Is vault reinforcement necessary?” Guerette NL, Davila GW. Presented at the ACOG District IV annual meeting. San Juan, PR. October 17-19, 2003.

“Adverse pregnancy outcomes associated with unexplained elevations of HCG on Triple Marker Testing using computer data extraction with EMR.” Guerette NL, Sayeh SK. Presented at the ACOG District IV annual meeting. Asheville, NC. October, 2000.

INVITED PRESENTATIONS:

Vaginal Rejuvenation: Current Clinical Evidence. Canadian Association of Aesthetic Medicine. October, 2019. Toronto, Canada

Hybrid Laser Technology for the Vulvo-vagina. European Society for Cosmetogynecology. June, 2019. Edinburgh, Scotland

“Energy-based Therapy in Womens’ Health”: Co-Chair. American Society of Laser in Medicine and Surgery. April, 2019

Safety and Efficacy of Combining Robotic and Cosmetic Gynecologic Surgery. International Society for Cosmetogynecology. February, 2019. Orlando, FL.

Womens’ Health Section Co-chair. American Society of Laser in Medicine and Surgery. April 2019 (Invited)

“Combining Robotic Reconstructive Surgery with Cosmetic Gynecology.” International Society for Cosmetogynecology. Orlando, FL. January 2019

“Energy-based Therapy in Womens’ Health”: Co-Chair. American Society of Laser in Medicine and Surgery. April 2018

“Energy-based Therapy in Womens’ Health”: Co-Chair. American Society of Laser in Medicine and Surgery. Dallas, TX. April 2018

“Energy based vaginal therapy: current evidence”: Co-Chair
American Urogynecologic Society. Providence, RI. October 2017

“Energy-based Therapy in Womens’ Health”: Co-Chair. American Society of Laser in Medicine and Surgery. San Diego, CA. April 2017

“Vaginal Rejuvenation: Current Evidence.” Co-Chair. American Academy of Gynecologic Laparoscopists, Orlando, FL. November 2016.

Primary Investigator

Miniarc™ sling: Long-term effectiveness trial. Oct 2007
Primary Investigator

A Randomized, Evaluator-blinded, Multi-center Study Comparing the Efficacy and Safety of ZUIDEX™ with Contigen® in Female Patients with Stress Urinary Incontinence. June 2004 – July 2005. Investigator.

Open Label Study of the Efficacy and Safety of 5 and 10 mg Vesicare™ in Patients with Overactive Bladder Symptoms.
June 2004 – July 2005. Investigator.

Prospective, Randomized Veritas™ Collagen Matrix for Cystocele Repair Post-marketing Study.
August 2003 – July 2005. Investigator.

A Multicenter Evaluation of the Kolpexin™ Vaginal Spheres in Females with Vaginal Prolapse.
December 2001 – July 2005. Investigator.

A United States Multi-Center Prospective Study of the Utility and Effectiveness of the American Medical Systems Subfascial Hammock.
August 2003 – July 2005. Sub-investigator.

Assessment of the Efficacy of Tolterodine ER Versus Placebo for the Symptom of Urgency and The Improvement in Bladder Condition.
September 2002 – June 2003. Sub-investigator.

A Multi-Center, Double-Blind, Placebo-Controlled, Dose-Titration Study of Oxybutynin Transdermal Systems in Patients with Overactive Bladder.
August 2003 – October 2003. Sub-Investigator.

Clinical Investigation of an Adjustable Continence Therapy (ACT) Periurethral Prosthetic System for Treatment of Female Stress Urinary Incontinence with or without Hypermobility.
September 2002- July 2005. Sub-investigator.

Randomized, Double-Blind, Placebo-Controlled, Dose-finding Study to Evaluate the Effects of a Partial Alpha_{1A/1L}-Adrenoceptor Antagonist, Ro115-1240, in Women with Stress Urinary Incontinence or Mixed Urinary Incontinence.
February 2002 - February 2004. Sub-investigator.

Open-Label Extension for Treatment of Incontinent Patients Who Have Completed the Ro115-1240 Study.
August 2002 – June 2004. Sub-investigator.

A Prospective, Double-Blind, Randomized Study of the Effect of Premarin Vaginal Cream and Low-Dose Premarin/MPA on Dyspareunia, Atrophic Vaginitis, Sexual Function, Quality of Life, and Genital Blood Flow

April 2001 – September 2003. Sub-investigator.

Phase III, Multinational, Randomized, Double-Blind, Parallel-group, Placebo-Controlled Study To Evaluate the Efficacy and Safety of Transdermal Testosterone (300 mg/day) for 24 Weeks and Safety for a further 28 weeks in Naturally Menopausal Women With Hypoactive Sexual Desire Disorder on Concurrent Oral Hormone Replacement Therapy. March 2002 – July 2005. Sub-investigator.

Prospective, Non-Randomized Pilot Study to Evaluate Polymer Technologies, Inc.'s Polymer 47K Urethral Bulking Agent Implant to Treat Stress Urinary Incontinence.

June 2000 – July 2005. Sub-investigator.

Effects of estrogen on Protein Synthesis in Arteries. Women's Health Initiative Study. Research Division, AHA, University of Vermont. 1992-93. Student investigator

CHARITABLE WORK:

Access Now: providing free care to eligible Richmond patients through Richmond Academy of Medicine

Ran surgical mission trip to Trujillo, Peru through Bon Secours Clinica Madre de Christo
October, 2017

LEGAL WORK:

Expert legal consultant for Boston Scientific Mesh Litigation

Expert legal consultant for C.R Bard Mesh Litigation

Expert legal consultant for Johnson & Johnson Mesh Litigation

Expert legal consultant for American Medical Systems Mesh Litigation

Expert numerous individual cases:

Fistula

Hysterectomy

Mesh complications

Ureteral injury

Pain

Incontinence

Robotics

Minimally invasive surgery

Sacral Nerve Stimulation

Prolapse

Developed IFU for Caldera Medical Sling Systems

Co-developer IFU Miniarc Sling System, AMS

Co-developer of Istop-M single incision sling, CL Medical
